

I like watching stupid movies  
Where the hero's a piece of shit  
Solving all of my own problems and then  
Never hit submit  
All my friends turned into ads for what their binging in the stream  
I keep moving all these pieces like the game ain't playing me

Chased a caffeinated rabbit  
Just like Alice in that dream  
Hyperfocus till I barely notice  
Anything  
Watched a lot of angry faces  
On the syndicated news  
I don't do a lot of drugs  
But there's a lot of drugs to do

It's so bogus how I just wanna slide  
Way down in the sofa where the change goes to die  
What good is a rocket terrified of the sky  
Does nobody notice how I'm hopelessly sofa'd inside?  
I'm sofa'd inside

What's it like to be the artist?  
What's it like to live the dream?  
Having everyone's attention  
Without ever being seen

Will I ever reach the coda?  
Will I ever crack the vault?  
I like crying in the shower  
So my drain can taste the salt

It's so bogus how I just wanna slide  
Way down in the sofa where the change goes to die  
What good is a rocket terrified of the sky  
Does nobody notice how I'm hopelessly sofa'd inside?
