ELHAE

Don't let me go
I just want to find someone to make me feel whole
I'm sitting here hurting, hurting for you
You say that I always do what ain't shit people do
But I don't want to watch you love someone else
All because I couldn't give myself
And you know I make mistakes
I feel like it's too late
Or is it?

You don't need me, like you say
You don't want me, like you say
You don't have to have me, like you say
Its either that, or I'm afraid
