

# Back Around

ELHAE

Oh, wa oh oha  
Yeah  
Ha ha ha ha ha  
Just Ej  
You come back for more, yeah  
You gon' want some more, yeah  
It's Jack

Yah yah yah  
Given all of my time  
I've given ya all of my information  
I'm real tenacious no lie  
Just showing ya all, I'm that guy  
I'm not boasting, nah  
You gave a promise, you broke 'em all  
Had faith, where did hope fall off?  
You was an open door  
Pilled back like an open sore  
Heart snap like a broken board!

What did I do cause I'm hurting?  
What did I do to deserve it?  
What did I do but give all of my time, give all of my dime like you earned it?  
I'm telling you love is a cold thing  
Money cannot buy love it can buy change  
She'll change her ways for a diamond chain  
See the chain reaction for a diamond ring

Man these girls so cold  
These girls be high off of life  
Why they feel so low, in this world alone?  
I'm telling you love is a cold thing  
Money cannot buy love it can buy change  
She'll change her ways for a diamond chain  
See the chain reaction for a diamond ring

Did I give her too much of my time?  
Did I put too much on the line?  
I guess it's not up to me to find out  
You'll come back around and that's no doubt  
Did I give her too much of my time?

Girl, what's up with you?  
What's up with you?  
Got me overthinking that this shit is going nowhere  
It's out the blue  
I ain't over you  
Tried so many times, going out my mind  
I swear  
Tell me what I need to do for ya  
If you don't know then baby I can choose for you  
Everything we going through came out the blue for ya  
But you know ain't nothing that I wouldn't do for you

So I'ma wait for you  
Don't wanna let it go

I wanna let ya know, I  
I've been thinking really hard  
Girl, tell me where you are  
I wanna have your heart

Did I give her too much of my time?  
Did I put too much on the line?  
I guess it's not up to me to find out  
You'll come back around and that's no doubt  
Did I give her too much of my time?
