

Been Waitin'

ELHAE

You see the problem with these girls out here is they really don't understand what we do
Something about you though, you understand

I never really felt something like this no
Are you interested?
'Cause I'm into it and I'd like to know
And I'd like to go
Places that you've ain't been before
Nice suites, 10th floor
Me and you we so sensual
I been here waiting
For a good girl, but like acting bad
With a nice frame that I have to have
And I'm out of town so girl pack your bags
'Cause I want you now, but can't have you
And you know we fit, we like rally
After this how about Cali
Whatever you want you can have it

'Cause it's mine it's yours
We can do it baby however you want
'Cause it's mine and it's yours
We can do it baby however you want
I've been waiting, I've been waiting
I been waiting, for You, you, For you

You know I'm saying
All of This may seem a little brand new to you
But it's really just something you gotta get used to
It really don't even matter what we do as long
As I'm doing it with you

'Cause I got that time to give
Life's to short, got time to live
A couple years down I want a wife and kids
With a big crib and take big trips
Me and you, girl how that sound?
Take trips to the UK and make some pounds
Now put it down, straight calling you
I'm from the city, still on you, yeah
'Cause I been there for so long and there you go with them green eyes
Stare me down and I realize
That I want you and I don't care
And I feel it girl, this is my year
Just stick close, I won't leave you
Be there girl when I need ya

'Cause it's mine it's yours
We can do it baby however you want
'Cause it's mine and it's yours
We can do it baby however you want
I've been waiting, I've been waiting
I been waiting, for You, you, For you

You know it's important that I tell you exactly how I feel
You can do the same, let me talk to you really quick

I don't want to let you leave
I don't want to let you go
Been waiting so long
I just gotta let you know
I'm done fooling with the pain
Done fooling with these games
Done fooling with these ratchet hoes

'Cause you got me so gone
You got my ass so gone

Baby, why would you believe that you ain't the one?
'Cause every time I'm gone away
You're the only girl that I want!

'Cause it's mine it's yours
We can do it baby however you want
'Cause it's mine and it's yours
We can do it baby however you want
I've been waiting, I've been waiting
I been waiting, for You, you, for you
