

Blue (Interlude)

ELHAE

Why don't you see that I'm right for you
Why don't you see that you're right for me
I admit I don't really know who you are...
I know that I left some scars
But tell me you feel nothing
And I'll leave you as you are (ohhh)
Up late every night tryna figure out what went wrong (oh)
I just wanna talk to you, promise that it won't take too long (oh)
You gotta heart and it's telling you to give me a chance.
A chance...

Cause I can see your aura
It's bright surrounding you
And baby its so purple
I wanna see it blue
Oh yea, I see your aura
It's bright surrounding you
Right now its dark and purple
I wanna see it blue

(Ooh woah woah woah woah)
I wanna see it blue
(Oohwoahhhh woah woah woah)
(Ooh woahhhh woah woah woah)
Beautiful aura, aura
(Ooh woahhhh woah woah woah)
I wanna see, I wanna see, I wanna see it
Yeah yeah (ohhh)
