

# Can't Make Me Drive

ELHAE

You can't away my pride  
'Cause that feeling keeps me alive  
I won't ever know until I try  
Gotta take it way past the sky  
Gotta pick myself up, gotta walk away  
'Cause I really couldn't care what other people say  
[?] baby, I'll play the game  
[?], yeah

You know it, you see it  
Believe me, I want it  
I need it, believe me  
It's the sacrifice, sacrifice  
You know it, you see it  
Believe me, I want it  
I need it, believe me  
It's the sacrifice, sacrifice

So you cannot make, you cannot make  
You cannot make me drive  
You cannot make, you cannot make  
You cannot make me drive  
You cannot make, you cannot make  
You cannot make me drive  
You cannot make, you cannot make  
You cannot make me drive

You can't away my pride  
'Cause that feeling keeps me alive  
I won't ever know until I try  
Gotta take it way past the sky  
Gotta pick myself up, gotta walk away  
'Cause I really couldn't care what other people say  
[?] baby, I'll play the game  
[?], yeah

You know it, you see it  
Believe me, I want it  
I need it, believe me  
It's the sacrifice, sacrifice  
You know it, you see it  
Believe me, I want it  
I need it, believe me  
It's the sacrifice, sacrifice

So you cannot make, you cannot make  
You cannot make me drive  
You cannot make, you cannot make  
You cannot make me drive  
You cannot make, you cannot make  
You cannot make me drive  
You cannot make, you cannot make  
You cannot make me drive

Yeah, you cannot make me drive
