

Drama

ELHAE

She comfortable and she's so confused
I'm high as shit and she's high as fuck too
She talkin' 'bout positions we do
But, I gotta let her know the truth
I've doing me cause you been doin you
Only reason she around cause
I'm tryna get over you
Put my all into this shit
Invested my time in you
She be callin like a bitch
I ignore all of them shits
Shawty if...

You don't want drama
I won't bring none
In my heart I know it's only room for you
I can never see her walking in your shoes
Girl that's true yeah
Cause she just want a nigga beat it down
I'm talking round after round
Shawty when I was hurting you was down
She gotta bounce

I ain't one for wasting time
I got money on my mind
No, she want me cause I'm signed
Can't love her can't call her mine
Can't keep waking up at 4 in the mornin, crust in my eyes
Reaching out to hold you close
When you ain't here I miss you most
Shawty if...

You don't want drama
I won't bring none
In my heart I know it's only room for you
I can never see her walking in your shoes
Girl that's true yeah
Cause she just want a nigga beat it down
I'm talking round after round
Shawty when I was hurting you was down
She gotta bounce

Lately I've been feeling so ashamed
Hit the jawn & don't recall her name
Funny pleasure always fuels the pain
Hit the gas switch lane to lane
Think of everything that's weighing on my brain
Late nights when I hit you, I get a text back like
"Nigga you insane?"
I don't know, maybe so...
Tryna hit you, half across the globe
You just tell me that I'm way to grown to act the way I do...
I tell you fix your tone
Maybe we should both just let it go
Or maybe step back and take it slow
Baby tell me what you really want
I think I know what you really want

You don't want drama
I won't bring none
In my heart I know it's only room for you
I can never see her walking in your shoes
Girl that's true yeah
Cause she just want a nigga beat it down
