

## Face

ELHAE

You got me and I got you  
Middle of the night I'ma still come through  
You been running through my mind all day  
All I see dollars another dollar sign in yo face

You know I got what you want they call me legendary  
Brand new coupe parked right outside hop in and don't be scary  
And we gon bend the block even if it rain outside  
Girl let me put you down I'm trying to change your life  
What you wanna do huh?  
Tell all your friends come through huh  
We got nothing to lose  
What's the confusion  
Tell all the pretty girls that we coming out side  
Tell all the whole world that we been counting up no lie

You got me and I got you  
Middle of the night I'ma still come through  
You been running through my mind all day  
All I see dollars another dollar sign in yo face

Fuck send me the addy I'm coming to you  
Fuck soon as I pull up you know what you to do I need your body-ody-ody  
Girl when you throw it getting me excited I throw a party only you invited  
Yeah how many times I keep telling myself I ain't getting involved  
But when you coming around I be like you getting it all  
I know all of the time I keep telling myself I can't do it no more  
Somehow I always end up right here in your arms

You got me and I got you  
Middle of the night I'ma still come through  
You been running through my mind all day  
All I see dollars another dollar sign in yo face

Spending (spinnin') that bread like a carousel  
Keep it low key she don't tattletale  
All of her diamonds is really real  
Pink toe woah woah when she be slidin'  
She got the pink rosé diamonds when she be smiling  
Had to take big risk  
Made it straight up out the trenches  
Niggas talkin' big shit  
You ain't poppin' like this  
This is real as it gets  
They ain't talkin' bout shit  
New Lambo with the kit  
Now babygirl wanna hop in yeah

You got me and I got you  
Middle of the night I'ma still come through  
You been running through my mind all day  
All I see dollars another dollar sign in yo face
