

Halfway Love

ELHAE

Out on the floor
There ain't nobody there but us
Girl, when you dance
There's a magic that must be love

I'm on top, while you lookin' at me
I feel the change when we switch up the beat
Ain't got a lot of money, but I got some time
And this tongue can do way more than just spit some rhymes
I'm livin' in the future, seducin' you with music
So how you tryna' do this?
Baby you the coolest and with me we'll be a unit
She love to wear Fendi but with me she becomes a nudist
Ooh, it just got so humid
Forgive me Lord, I'm just human
Honestly I know better, but that kitty had me stupid
And I know that she a good girl
And I'm a good dude
Mix that with the right song and right mood and, oh

Give me that feeling
Give me that feeling back baby
Give me that feeling back
You give me that (Oh, oh, oh)
Give me that
You give me that feeling back baby (Oh)

Out on the floor
There ain't nobody there but us
Girl, when you dance
There's a magic that must be love

Yeah, let me appreciate that godly figure
I'm bound to love your interior when I enter
I love your hair, I love the way you smile
Somethin' about the way you dress, you gotta love the style
I'm just fascinated, it's so lovely
You'll make a nigga hop on flights to different countries
Sad to leave, but I promise you I'll be back soon
Grab your waist and kiss you on your tattoo, yeah
Keepin' faith on my lips, givin' thanks to the Lord
That he gave me this gift
It's a dream, yeah I know, but I can't get a grip
Of reality, that's why they keep telling me life's a bitch
I wish she would let me live, I still believe in love
I still believe in God, I know that he's above
And trust me I ain't into playing all them games
I can tell by lookin' at you that you probably feel the same
Understand

Out on the floor
There ain't nobody there but us
Girl, when you dance
There's a magic that must be love
