

I wanna know
Everything that you love
Everything that you want, say baby
I wanna know
Everything that you need
You just gotta believe, baby
I wanna know
As long as you like I'll never stop tryin', baby
I wanna know
Know

Came through just to pick you up
Took the night off just for us, yeah yeah
With everything that you do for me
Girl, you know I'm about to make your day
'Cause my heart skips whenever I can see ya
And I know them girls look at you and wanna be ya
Girl, I brought the whip out just so they could see us
Take it too the crib, things about to heat up
Heat up, heat up, aye

I wanna know
Everything that you love
Everything that you want, say baby
I wanna know
Everything that you need
You just gotta believe, baby
I wanna know
As long as you like I'll never stop tryin', baby
I wanna know
Know (Yeah)

Girl, every time I lay down you be in my dreams
You taking me to places that I've never seen
And you ain't gotta worry, girl, I'll take it slow
Lay you down and show you everything I know
I don't want you feelin' like you need to go
I want you to stay however long you want
I'll never understand how he ain't know what he had
Baby girl you all in your bag, all in your bag
So I

I wanna know
Everything that you love
Everything that you want, say baby
I wanna know
Everything that you need
You just gotta believe, baby
I wanna know
As long as you like I'll never stop tryin', baby
I wanna know
Know
