

Let You Pick

ELHAE

Your nigga aggy, I'm telling you it ain't adding up
You ain't been happy in at least a month, I've tallied up
The many times you said you wished that we could be something more
Baby I, I don't wanna jinx it by telling you what it is
But I think we got something too special to let it slip
And I won't let it slide, tonight
If he won't do you right, I

Send it, then pull up on you (Skrirt)
I don't got nothing to lose
I know you want me to chill and take it down a notch (Yeah)
Though I don't do this a lot

I'ma let you pick
Baby I'ma let you pick, baby I'ma let you pick
Know you got a man (Yeah)
But you know your man ain't shit (Shit)
Yeah we know your man ain't shit
I'ma let you pick (Yeah)
Baby I'ma let you pick (yeah), baby I'ma let you pick
Let me tell you this (Whoo)
If you make me your pick, I'll give you what you missing at home
You deserve to get what you want
How long 'til you leave him alone?
Baby since you're grown, I'ma let you pick
Baby I'ma let you pick, baby I'ma let you pick, I'ma let you

He asking questions like interrogation
'Cause he been waiting
When you out with me he lose his patience
And now he needs to know the truth 'bout all his observations
Think you just really need a break, let's take our own vacation
So let me fill that vacancy in your heart, girl
Don't even start, girl
Laying up at night, it ain't no shot in the dark, girl
A ten every time, why is it harder to find?
Why can't you make up your mind?
He ain't the one, he ain't been doing you right
Baby tonight I-

Send it, then pull up on you (Yeah)
I don't got nothing to lose
I know you want me to chill and take it down a notch (Yeah)
Though I don't do this a lot (Yeah)

I'ma let you pick
Baby I'ma let you pick (Whoo), baby I'ma let you pick
Know you got a man (Yeah)
But you know your man ain't shit (Shit)
Yeah we know your man ain't shit
I'ma let you pick (Yeah)
Baby I'ma let you pick, baby I'ma let you pick
Let me tell you this
If you make me your pick, I'll give you what you missing at home
You deserve to get what you want
How long 'til you leave him alone?
Baby since you're grown, I'ma let you pick

Baby I'ma let you pick, baby I'ma let you pick, I'ma let you

You have one unheard message

"Hi J it's mom, I kinda figured my call would go to voicemail. Uh, you've been heavy on my heart, and it's a heaviness that only a mom can feel. I really need you to get back in church. All I can do is pray, I'm praying that no weapon that is formed against you shall be able to prosper, and that every tongue that rises up against you shall be condemned. You've been really heavy on my heart and I pray that when you get this message, you will give me a call. I love you, talk to you soon. Bye, bye.
