

Old Me

ELHAE

I've been thinking bout this all day
I've been going out of my way
Is there something that I should say
To make you want me
I know you had a man but girl what's the deal
I don't see you post him girl is it real?
Looking at your captions you in your feels
I can help you swallow that pill I just need
One second of your time
'Member how I used to hit that shit from behind
Used to keep them old school songs on rewind
Girl I'm bout to show you why you should be mine
So come through come through
We got shit to run through run through
It's been awhile girl lets see if shits changed
Why the hell are we playing these games

So is it real is it real is it real
You gon' have to show me
Girl you know we way passed homies
You gon' turn me back to the old me
Is it real is it real is it real
You gon' have to show me
Girl you know we way passed homies
You gon' turn me back to the old me say

You know what I want
You know what I want you know what I need
Say you know what I want

Crossing fingers that it feels the same
Take me in you'll feel a different pain yeah yeah
Girl I love the way you do your thing yeah yeah
And I love the way you never change
It's something bout you
I've been meaning to tell you
I've been crushing for years been wanting to wow you
But I never knew how to
Girl it's time out for games 'cause I'm bout to slide through
But don't fuck with me if it's convenient
Don't say those things if you don't mean it
Girl I need to know just how you feeling

So is it real is it real is it real
You gon' have to show me
Girl you know we way passed homies
You gon' turn me back to the old me
Is it real is it real is it real
You gon' have to show me
You know that we way passed homies
You gon' turn me back to the old me say

You know what I want
You know what I want you know what I need
Say you know what I want
You know what I want you know what I need baby yeah
