Only You

ELHAE

I think we need some time
To talk about these issues, yeah
'Cause you've been on my mind
God damn it, girl, I miss you, yeah
Ooh, where do we go from here?
We stay out of fear and it's wrong, ooh
And you never made it clear
You said you're the past and was gone, ooh
You was wrong

I wanted to love you, nobody but you
To think that I trust you
I wanted to love (To love)
I wanted to be there for you
Feel like I was breathing for you
I feel like I'm reaching for you and only you

You-ooh (Woo), you-ooh
You-ooh, you-ooh
You-ooh (You), you-ooh
You, ayy, ooh, ayy, ooh, ayy, ooh, ayy, oh

You should've gave it time
I could've showed you the way things would be, yeah
But you don't have no patience
No consideration for me
Even in relations, you ain't never care to talk to me
So what do I do when it comes to me and you?
Can we make it feel new? Go back to being boo, boo?
You don't wanna grow (You don't wanna grow)
I wanna show you the ways we can go (Yeah)
Don't be wrong

I wanted to love you, nobody but you
To think that I trust you
I wanted to love (To love)
I wanted to be there for you
Feel like I was breathing for you
I feel like I'm reaching for you and only you

You-ooh, you-ooh (Oh yeah, girl)
You-ooh, you-ooh (Only you, you, you, you, ooh)
You-ooh, you-ooh
You, ayy, ooh, ayy, ooh, ayy, ooh, ayy, oh (Yeah, oh)
Only you, yeah
Only you, you, you, you, girl

You have one unheard message
Look, I know things haven't been right lately
But you love me, I love you
Just take the time to think about the memories, okay?
If you don't want this, then fine, I won't bother you anymore, but
I'm not willing to give up just yet, I'm not
