

You act like you can't pick up your phone
And when you do you're raising your tone yeah
Tell me why you feel a way?
Don't act like you don't got shit to say
I know, you hurt me then I hurt you
I know, you learn from me I learn from you
I know, I know what you've turned into
I know know, you don't know what else to do yeah
I don't feel like I'm needed
And I don't feel like I'm breathing
Without I don't know the reasons
Don't wanna be here for a season
I don't know if I believe you
I been dealing with your demons
Now you wanna up and leave me?
What about the love we shared and all your secrets?

All your secrets
All your secrets babe
Don't forget I know your secrets
Don't forget I know your secrets
I know your secrets babe, so don't act like you can't speak to me

You don't know what you want
But you want everything your way
You text me at 3 in the morning
Playing them same ole games
What am I supposed to think?
What am I supposed to do?
I saw the potential in you
I had so much hope for you
I know we've got issues
But you know I miss you still
Girl why is you trippin'
You don't want to listen still
Gave you all of me why can't you make up your mind
You so out of line
But you still know it's mine
But I don't feel like I'm needed
And I don't feel like I'm breathing
Without I don't know the reasons
Don't wanna be here for a season
But I don't know if I believe you
I been dealing with your demons
Now you wanna up and leave me?
What about the love we shared and all your secrets?

All your secrets
All your secrets babe
Don't forget I know your secrets
Don't forget I know your secrets
I know your secrets babe, so don't act like you

Tell me you love me
