Slip & Fall

ELHAE

It's the night time,
I come alive in the night time, (yeah)
I'm feeling like it's the right time, (ooh)
It's the right time.
Don't just want you, girl I need you
I just want you close, it's just me and you
You believe in me, I believe in you
The way you holding me
I don't, I don't, I don't, I don't

Said I don't wanna let go
(Don't wanna let you go, let you go, ooh oh)
Said I don't wanna let go
(Don't wanna let you go, let you go, ooh oh)
Said I don't wanna let go oh ooh
(Go ooh, oh ooh, I don't wanna let you go)
Said I don't wanna let go
(I don't, so I won't let you go)

It's drippin' wet,
I lick it off,
Lie in my bed,
Don't slip and fall

We can do it in the shower,
Both of out bodies,
Bumping and grinding,
Like we're in the 90's, (yeah)
See all I'm tryna do is blow your back out while you bang in th
e wall, just hold me closer

Cause I don't wanna let go oh oh oh
No, I don't wanna let go oh ooh ooh
So bring that body over here
(So lay it down over here)
Bring that body over here
(Let's burn it down over here)
I know you wanna be involved,
Girl go 'head and slip and fall in my love.
(Oh baby, ooh baby)
It's gon' be a fire
