

Time For You

ELHAE

Baby girl, what you wanna? What you wanna do?
(What you wanna do? What you, what you wanna do?)
Cause I got some things I wanna say to you
Some things I wanna do (some things I wanna do, yeah)
Oh yeah, yeah it's all in your brain, all in your brain
Girl don't be shy (don't be don't, don't be don't be don't be)
Just let your hair down
Promise you'll have the time of your, life (aye aye aye aye)

Cause I got time, ooh I, I got time
I could make some time for you, some time for you
I could make some time, ooh I
I got some time
I could make some time for you, some time for you
I could make some time

Don't worry, about a thing
I know you, you've seen some rain, well
I've been there to like you, just give me some time
I'll do right by you, you're a drug, oh
I picture you in my condo, in that top flo'
While we be making love, love
Yeah, that's not a thing, let's make it happen
I've been waiting

Got time, ooh I, I got time
I could make some time for you, some time for you
I could make some time, ooh I
I got some time
I could make some time for you, some time for you
I could make some time

I came through with another one
Ain't you just a pack of fun
Make time for a little love
Lay down in a bed of love
Them sheets we can get it on
And I can tell you what you feelin' love
Something real, have you been in love?
Maybe not, cause you had enough
Of other niggas tryna show you up
Not gonna lie you haven't been in luck
Guess this is what you really want
No front, no stunt
I be [?] at the bottom
[?] that's real
How you feel about a nigga really [?]
Tryna' understand why you got no man
In the middle of the city, let me hold your hand
We can make some plans, I'mma make some time, some time
Don't get no time, this time I'mma make things right
I'm a ride for you, right, I'm a ride for you, right

Why don't we make time?
Don't wanna take five
Why don't we make time?
Don't wanna take five

Don't wanna take
