This shit ain't a game girl I'm on my way  
Yeah I shoot to kill and I got perfect aim  
I know you've been ready for it (I know you've been)  
Talking all this time  
Now I'm bout to bang your line  
Then I'm bout to blow your mine  
Yeah I know you love this vibe  
Put me right between them thighs I'ma hold you inside  
It's bout to get heavy  
I hope that you ready

'Cause I'm about to slide slide through  
Be there round 8  
Love to see your smile when I see your face  
I ain't slowing down I'ma keep this pace  
You know I ain't never letting go  
Hold me tight girl I'm in full control

Worked up yeah

Emotions running wild soon as I'm in town  
Girl you know I'ma put it down  
Girl we might have a child  
Girl I'm intoxicated weighed down by temptation  
Girl you know that you feel amazing  
I feel your heart racing  
Just let me concentrate on you  
I've been thinking lately what I'm gon' do  
Baby let me demonstrate on you  
I would never ever come before you  
So baby do that thing  
You about to tell your friends that I'm about to be your fave  
It's bout to get heavy  
I hope that you ready

'Cause I'm about to slide slide through  
Be there round 8  
Love to see your smile when I see your face
