

Erase me
Embrace me
Let us lose the weight
And feel the space
Between

Divide me
Combine me
Melting down our
Skins into our wildest
Dreams

You and you could be
More than just a part
Of me

You and you = me
Fuse to one instead of
Three

Erode me
Control me
The haze inside my
Brain's in need of
Clarity

Immerse me
Reverse me
We could live our life in
Perfect synergy
