

Into The Night

Eli & Fur

Last time we were talking
Started to change my mind
Reminding me of something
Now it's taking up all my time
There's no point in fighting
We've already crossed the line now
So inviting
I've already made my mind up

Last time we were talking
Started to change my mind
Reminding me of something
Now it's taking up all my time
There's no point in fighting
We've already crossed the line now
So inviting
I've already made my mind up
