

Missing You

Eli & Fur

Missing you
Softly
Call me anytime
Missing you
How can I walk away from you
I'll never change my ways
When I'm with you
It's like trust
For you
I got lost
Without you

Another night
And a day
Another night
And I feel the same
Another night
And a day

Another night
And a day
Another night
And I feel the same
Another night
And a day

Another night
And a day
Another night
And I feel the same
Another night
And a day

Another night
And a day
Another night
And I feel the same
Another night
And a day

Missing you
Softly
Call me anytime
Missing you
How can I walk away from you
I'll never change my ways
When I'm with you
It's like trust
For you
I got lost
Without you

Another night
And a day
Another night
And I feel the same
Another night

And a day

Another night

And a day

Another night

And I feel the same

Another night

And a day

Another night

And a day

Another night

And I feel the same

Another night

And a day

Another night

And a day

Another night

And I feel the same

Another night

And a day

Missing you

Missing you

How can I walk away

Missing you
