

## Skyway (Rewind Edit)

Eli & Fur

I feel lost  
Hands are moving slowly can't get out  
Now that you're gone

All messed up  
Everybody's walking till I get it back  
But that don't change

Don't tell me I'm wrong  
When I say I'm not  
That there ain't no home for me if it's not you  
Don't tell me I'm wrong  
Cause I feel it

I feel lost  
Hands are moving slowly can't get out  
Now that you're gone  
All messed up  
Everybody's walking till I get it back  
But that don't change

Don't tell me I'm wrong  
When I say I'm not  
That there ain't no home for me if it's not you  
Don't tell me I'm wrong  
Cause I feel it

You're records spinning in my mind  
I can see you dancing in the headlights  
Can we just rewind?  
Can we just rewind?  
One more time

Every scene is running in my head  
I can hear you say the lines  
I never said  
Can we just rewind  
Can we just rewind  
One more time
