

# Wall To Wall

Eli & Fur

Coming back around  
Back inside the room  
Tell me how long  
We have been out?

My body's twisting 'round  
Got me burning to the sound  
Can you tell me how long  
We have been out?

Coming back around  
Back inside the room  
Tell me how long  
We have been out?

My body's twisting 'round  
Got me burning to the sound  
Can you tell me how long  
We have been out?

My head is ablaze with the rhythm  
Is pulling me  
Back and forth 'bout floor  
No rhyme or reason  
It's just what it's done to me  
Going strong all night

Don't think about tomorrow  
Get lost inside these lights  
Don't think about tomorrow  
Watch the room will come to life

Alive  
Come to life  
Alive  
Watch the room will come to life  
Alive  
Come to life  
Alive  
Watch the room will come to life
