

## Shangri La

Eli Lieb

Every time you touch me I disappear  
In a Bermuda Triangle and I live in fear  
And I try to help myself  
And I try but I lose myself  
And I cave, I cave, I cave  
And I cave, I cave, I cave

Baby I cave when I kiss you, when I kiss you  
When I kiss you, when I kiss you

I've been pretty good in doing wrong  
But we're in Shangri La too far gone  
And I try to stop myself  
And I try but I lose myself  
And I cave, I cave, I cave  
And I cave, I cave, I cave

Baby I cave when I kiss you, when I kiss you  
When I kiss you, when I kiss you  
And I try (When I kiss you)  
And I try (When I kiss you)

And I cave, I cave, I cave  
And I cave, I cave, I cave

Baby I cave when I kiss you, when I kiss you  
When I kiss you, when I kiss you  
And I try (When I kiss you)  
And I try (When I kiss you)
