

## Bad Advice

Eli Sostre

Lonely in the night

Fuckin' on them drugs that you like  
Buss up with them drugs that you like  
Say you gettin' lonely in the night  
I've been takin' too much bad advice

What's the topic of the town?  
Two years in and I still got the crown  
Shout the Marcy taught me all my ways  
I be on the go I know it's hard to stay  
Say you leaving 'cause I'm lost  
Shit I be in man you don't even know the cost  
And the whips they European ain't no loss  
Drop a hundred fifty diamonds on my cross (oh woah oh oh)  
Splash out in the parking lot, yeah  
Spazz out let me run my mouth  
You ain't rich if you ain't bought you mom a house (oh)  
Bitch I'm busy workin', I'm not hidin' out

Fuckin' on them drugs that you like  
Buss up with them drugs that you like  
Say you gettin' lonely in the night  
I've been takin' too much bad advice
