

Drama

Eli Sostre

Do you dirty
Deep down you know this shit make you nervous
Bulletproof many niggas couldn't hurt us
I'm protecting all my blessings that's for certain
Fuck the stars that you been with this the real
Hold it down if I fall you know the drill
I've been looking in your eyes I see the signs
Nevermind I put the phone on decline
Oh

Yeah I might call you back (Oh)
But I ain't got no time for all the drama
Yeah I just might run back to her
See I just got no time for all the drama

Yeah I might call you back (Oh)
See I ain't got no time for all the drama
Yeah I just might run back (Yeah, yeah)
I ain't got no time for all the drama

Yeah I might call you back (Oh)
But I ain't got no time for all the drama
I just might run back to her
See I just got no time for all the drama

Yeah I might call you back (Oh)
See I ain't got no time for all the drama
Yeah I just might run back (Yeah, yeah)
I ain't got no time for all the drama
