Load Up

Eli Sostre

Baby, you fuckin' with my confidence
Yeah, I'm high, yeah
Yeah, you want a sponsorship
I ain't spendin' mine, uh
I will tell you all the things that you won't wanna know about me
I will show up if you really wanna show about me

This my glamz, I got somethin', tell my mans
Know what the fuck is up, I'm bright
In this semi truck, I'm slidin'
What the fuck you think I'm hidin' for?
Ayy, yeah, I met a shy bitch
I kick her out the side door, you know how the fuck we mobbin', okay
Know I'm not the same from back in the day (Day)
Uh, yeah, I gotta [?], moved to the A
Ayy, yeah, I'm not for the fuckery or the play

Load up, it ain't safe
Load up, it ain't safe
Yeah, yeah, yeah
Load up, it ain't safe
Load up, it ain't safe
Same thing, you just gotta load up, it ain't

Ayy, I'm out paint, yeah
Feel like Wilt Chamberlain when I step in the game
Put it a hundred on the board, kept a hundred, the same, yeah
She wanna tatt' my name, that's my favorite flame

Baby, you fuckin' with my confidence
Yeah, I'm high, yeah
Yeah, you want a sponsorship
I ain't spendin' mine, uh
I will tell you all the things that you won't wanna know about me
I will show up if you really wanna show about me

Would you say that you love me?
Would you trust me? Hold onto me like custody
You got somebody else, act like you don't fuck with me
But when he not around, you tryna see what's up with me
I know I'm toxic, toxic, toxic
I'm tryna unlearn some shit but it's too much
I know I'm toxic, toxic, toxic
I tried to give you my all, I ain't do enough

Know I've been ghost, bitch, I've been countin' all damn day (All dam
n day)
