Looking for you, where you been? It's been some time (been some time)
Fucking with you baby I can feel the vibe (I feel the vibe)

Quarter to nine, woke up
Got right back to business
Sorry that I got your hopes up
It's hard to keep my attention
I got a love with a limit
I'm multiplying the digits
Wave God shit I mention
Look what they do for attention

Look what you done to me, yeah, yeah
You just want some company, yeah, yeah
Fuck in the ride, fuck in the ride
Fuck on the passenger's side, passenger's side
Look what you done to me, yeah, yeah
You just want some company, yeah, yeah
Fuck in the ride, fuck in the ride
Fuck on the passenger's side, passenger's side

Call up the phone when you ready for me
Love the way you keep it steady for me
The pain on my chest it weigh heavy on me
Make it drip, I break the levee on it
If you with me, why you acting lonely?
If it ain't forever then for the moment
When you hit my block I'mma pick it up
Forever down, never switching up
I'm not the type of guy that you used to coming 'round here
Made the phone ring, told her come down while you down here
Been away for a while, I'm just checking in
Couple freaky things you wanna do that I recommend

Quarter to nine, woke up
Got right back to business
Sorry that I got your hopes up
It's hard to keep my attention
I got a love with a limit
I'm multiplying the digits
Wave God should I mention
Look what they do for attention

Look what you done to me, yeah, yeah
You just want some company, yeah, yeah
Fuck in the ride, fuck in the ride
Fuck on the passenger's side, passenger's side
Look what you done to me, yeah, yeah
You just want some company, yeah, yeah
Fuck in the ride, fuck in the ride
Fuck on the passenger's side, passenger's side

New Pirelli bout to shake the block
Been away, man it's been a while
Drugs for the pain, but we still smilin'
Took me some L's but I'm still down
Now these hoes wanna chill now
Fall in love with the real now
Fucking with you cause you still 'round
Bitches open for the thrill now
Taking Benji's just to give it to ya
Everything I got I give it to ya
You gon' tell me that it ain't enough
Broken hearted so it's hard to trust
Why we owe you for the audience ?
Call me up and get your naughty on
I just needed someone I could vibe with
Laid up in the bed to get high with, yeah you
Bitches and Benji's, bitches and Benji's
I know bitches and Benji's, bitches and Benji's
You know bitches and Benji's, bitches and Benji's
I ain't too friendly, she go 'til it's empty
She blow 'til it's empty
I just need all of the bitches and Benji's, bitches and Benji's
