

Runnin

Eli Sostre

You still tryna see if this shit love
And I ain't into talkin' what we was
Hold me closer than you ever have
You know that I hate it when you leave here mad
You hate that I'm the best that you ever had
And where we gonna end up holdin' feelings back?

Drunk as fuck, I'm in this club tonight
2 AM these bitches showin' love tonight
Actin' different, babe, you don't know who you was tonight
When you say I never ever gave a fuck, you right

Shinin' like a diamond now
Felt this pressure, got my timin' up
I see love and my design is not enough
I see love inside your eyes, it's not enough, no

I keep tryna find my way, runnin'
I keep tryna find my way, I'm runnin'
I keep tryna find my way, runnin'
I keep tryna find my way, I'm runnin'
