I'm missin' who you was
But still we got the time
Do you say you over the love?
Way too hard to give it up
If you wanna go then live it up, yeah
Your other man, he just don't trick enough
He had the time, they just ain't pickin' up

We need our secrets back
We need to keep it that (Mm-hmm)
Baby, I need you bad
How could you leave like that
When I needed you most?
We need our secrets back
We need to keep it that (Mm-hmm)
Baby, I need you bad
How could you leave like that
When I needed you most?

Yeah
When I needed you most

Yeah, say that you miss us
Lord, please, forgive us for all we've done
I'm tryna live it up
If they reachin', I ain't givin' it up
We let the bad bitches sit with us
Fuck the drama, I ain't pickin' up, no
I been tryna get enough for us, know
That I'd do anything to be right back home

We need our secrets back
We need to keep it that (Mm-hmm)
Baby, I need you bad
How could you leave like that
When I needed you most?
We need our secrets back
We need to keep it that (Mm-hmm)
Baby, I need you bad
How could you leave like that
When I needed you most?
