Tell you that I need you every time I haven't seen you for a wh
ile
I know it ain't easy, baby girl, I never wanna tear you down

Fallin' in love too fast
Guess I'm fallin' in love too fast
Fallin' in love too fast
Guess I'm fallin' in love too fast

All the funny shit gon' come to the light
And you gon' realize you was on the wrong side
Please don't fuckin' try me, I'm the wrong guy
I feel resurrected, bitch, I'm back to life
I know this shit get on your nerves
All of you bitches I done curved
Bitch, I been loyal since the dirt
I show you everything that's worth
She just want a bag, I went and bought that bitch a purse
I get twenty for a verse and I put plenty into her's
I see niggas switchin' sides, that's a way I cannot ride
Bitch, I gotta take my time, gangland, I got some ties
Bitch, I got somethin' on my mind

Tell you that I need you every time I haven't seen you for a wh
ile
I know it ain't easy, baby girl, I never wanna tear you down

Fallin' in love too fast
Guess I'm fallin' in love too fast
Fallin' in love too fast
Guess I'm fallin' in love too fast
