

Trophy

Eli Sostre

Bitch, here's the number one draft pick
Yeah, I got my cash up, switch my address
Yeah, I just fell in love with a bad bitch, yeah
Only met her one time, I had to have it, yeah
If you need me, baby, show that shit
If you want me, baby, call me, let me know that shit (Yeah, yeah, yeah)
And these bitches can't tell me, "No", woah, woah
That shit make it hard for me to hold on when I go (Oh)

Too in your feelings 'bout this, girl
Too in your feelings 'bout who I been with
Too in your feelings about my interest, I'm better than that
This better than love, you know that's a fact
You might be better alone
I need you more than you know
I need you more than you know

Don't let me be lonely
Yeah, you beautiful, the only one and only
She said, "Baby, I'm just happy that you chose me"
She said, "Baby, you gon' treat me like a trophy"
Don't let me be lonely
Yeah, you beautiful, the only one and only
She said, "Baby, I'm just happy that you chose me"
She said, "Baby, you gon' treat me like a trophy"

Oh-ooh-oh
Ooh-ooh-ooh
Oh, oh
Oh, woah, woah, woah
Oh-ooh-oh
Ooh-ooh-ooh
Oh, oh
Oh, woah, woah, woah
