## **Throw And Go**

## **Eli Young Band**

Throw the laundry in the backseat Accelerate with your bare feet Take this corner carefully It's hard to corner when you can't see

That we're kicking up a cloud of dust On a bird's eye view of us I'll be damned if we're gonna rust In a town I've never thought of much

Gotta throw and go Gotta make new ground Leave in a hush Take what ain't nailed down Don't trip the wire don't let the neighbors know By the time the light hits we'll be so far gone Throw and go

Alarm flashing twelve o'clock Been that way since it powered off Gotta make up for the time I lost Turn up the volume take it up a notch

Maybe take a new approach Adjust to a lighter load We're in the clear the mirror shows By staying off the paved road

Gotta throw and go Gotta make new ground Leave in a hush Take what ain't nailed down Don't trip the wire don't let the neighbors know By the time the light hits we'll be so far gone Throw and go

Rumor says they're heading down I guess we've been ratted out They think they've got us made We've already got away

If we throw and go Make new ground Leave in a hush Take what ain't nailed down

Don't trip the wire don't let the neighbors know By the time the light hits we'll be so far gone Throw and go Throw and go
