

Can't Sleep

Elijah Blake

Lay me down, oh, it's alright
I don't mind bein' your bunny, bunny
Oh, it's fine by me
Wrapped up in your velvet night
You can have it if you want me, baby
Oh, no protesting

We in a world about religion
Oh, lovin' you is mine
Wanna wake up with you by my side
Good at makin' bad decisions
Oh, but it feels so right

Intimate crime
Can't sleep, thinkin' 'bout it all night
Take my time
Intimate crime
Can't sleep, thinkin' 'bout it all night

Shadows by the candlelight
Kiss and tell me that you love me, love me
Whispers on your mind
Restin' in your paradise
Laugh at my jokes when they ain't funny
Tell me you'll get what I mean

In a world with no vision
The lover in you is blind
But I see myself so clearly next to you
Good at makin' bad decisions
Damn, it feels so right
When you're runnin' through the left side of my mind

Intimate crime
Can't sleep, thinkin' 'bout it all night
Take my time
Intimate crime
Can't sleep, thinkin' 'bout it all night
