

Misty Jones

Elijah Blake

Dooo, do, do, na na

Mmmmm

Misty's got a box of faded pictures and
Outta site letters that she never sent
A couple secret admirers who could love her back
Next to pain killer prescriptions in a Christmas bag
Is it spring again?

Did the winter end?

You only notice when the sunshine melts the snow

Misty Jones

Is a Christmas song

'Cause crying never, makes it better

Will you sing along?

When you're all alone

La la la, Misty Jones
