

Mutual

Elijah Blake

Black shades in my eyes
Blowin' Mary Jane up in the ride
They say that pretty girls a lie
Don't ever let 'em look you in the eyes

Yeah, tell me when you gettin' off, I'm 'bout to pull up
Girl, you know the wheels bigger than a Brinks truck
Heard you had a long night, so can we link up?
And we can do anything you think of
Actin' insecure like Issa
Slide through Inglewood just to see you
You got that pretty brown skin like Nia
It's been a long time

I'm just tryna be rich, not for the problems in my life, yeah
I need a shorty that's thick to give me head on a cold night, yeah ye
ah
Are you strong enough to be vulnerable?
'Cause the sex is better when it's mutual
I wanna pay my mama house off, and tell her go and live the good life
, yeah
And get married to a freak, who wanna make babies all night, yeah yea
h
Are you strong enough to be vulnerable? (Vulnerable, vulnerable)
'Cause the sex is better when it's mutual (Mutual, mutual)

Body lookin' good, Equinox got you right
Peach on your back lookin' sweet, I want a bite
When they see you with me, yeah, that's a scary sight
Oh, they better act right
Young Aliyah lookin' fresh in that Fashion Nova dress
Keep it all chill, baby, I don't need to stress
Even on the takeoff, I don't even need a jet

Yeah, tell me when you gettin' off, I'm 'bout to pull up
Girl, you know the wheels bigger than a Brinks truck
Heard you had a long night, so can we link up?
And we can do anything you think of
Actin' insecure like Issa
