

# Psycho Cycle

Elijah Blake

Swear that you're over me  
But you don't know nothin' bout nothin'  
Shit gettin' old to me  
Put that on my life that you'd spin one  
Cause he can't get close to me  
Gotta be joking me  
You say that you done today  
But you gon spin one for me

Cause your type like to geek geek  
You like the fact that my money so long  
And my lovin' go deep deep (make her spend one)  
You gon spin one bout me  
You gon spin one  
I know you say that you done today  
But you gon spin one for me

Didn't know what it'd feel like  
Didn't know how to handle it  
Runnin' down in the field like  
Runnin' by all the street lights  
Eyes red just like em'  
Do my dance like Michael  
Vicious like that cycle  
Vicious like I'm psycho  
Doing push ups watch my chess piece  
Got plenty bae like Chesapeake  
Yeah, wake up, cook a fire beat  
Cook a fire meal, it's 11 still  
Take a shower then Cetaphil  
Then I take a bitch to my room  
Make amends with all your friends  
They all wanna be like you

It's the way that I'm on your mind  
Even though you ain't mine  
And it's like all the time if you could press rewind  
You would cause you know it's so good and  
No don't nobody know your body  
Like my body baby

Swear that you're over me  
But you don't know nothin' bout nothin'  
Shit gettin' old to me  
Put that on my life that you'd spin one  
Cause he can't get close to me  
Gotta be joking me  
You say that you done today  
But you gon spin one for me

Cause your type like to geek geek  
You like the fact that my money so long  
And my lovin' go deep deep (make her spend one)  
You gon spin one bout me  
You gon spin one  
I know you say that you done today  
But you gon spin one for me

Ain't shit bout me ordinary  
LV forces all white Katie Perry  
The way I slang too scary  
You woke up tryna Marry

It's the way that I'm on your mind  
Even though you ain't mine  
And it's like all the time if you could press rewind  
You would cause you know it's so good  
And know don't nobody know your body like my body baby

Swear that you're over me  
But you don't know nothin' bout nothin'  
Shit gettin' old to me  
Put that on my life that you'd spin one  
Cause he can't get close to me  
Gotta be joking me  
You say that you done today  
But you gon spin one for me
