Rockabye

Elijah Blake

It's 11.30, I ain't slept all night
Text me on the phone and told me that it's fine
No I won't wait, no I won't wait

She was a Brooklyn girl, (rockabye baby)
Round the way, (rockabye baby)
You're in my air, (rockabye baby)

So tonight, I'm gonna turn off the lights and turn you on, on, on
Turn you on, on
Gonna turn off the lights and turn you on, on, on
Turn you on, on, on

On 95, I'm speeding, over to your spot
Running low on patience, but got no time to stop
No I don't wanna wait, no I don't wanna wait

Brooklyn girl, (rockabye baby)
From round the way, (rockabye baby)
From my world, (rockabye baby)
You're in my air, (rockabye baby)

So tonight, I'm gonna turn off the lights and turn you on, on, on
Turn you on, on
Gonna turn off the lights and turn you on, on, on
Turn you on, on, on

So tonight, I'm gonna turn off the lights and turn you on, on, on
Turn you on, on
Gonna turn off the lights and turn you on, on, on
Turn you on, on, on

So tonight, I'm gonna turn off the lights and turn you on, on, on
Turn you on, on
Gonna turn off the lights and turn you on, on, on
Turn you on, on, on

So tonight, I'm gonna turn off the lights and turn you on, on, on
Turn you on, on
Gonna turn off the lights and turn you on, on, on
Turn you on, on, on
