Started From The Bottom

Elijah Blake

Girl we started from the bottom, now we here
Started from the bottom, how the fuck you gone disappear
Started from the bottom, now we here
Started from the bottom, it should be so fucking clear
Started from the bottom, now we here
Started from the bottom, how the fuck you gone disappear
Started from the bottom, now we here
Started from the bottom, it should be so fucking clear

All what we had was so strong
Though my niggas tried to warn me
Now when you mess up my home
Just know it's bitches all around me
One girl, never seen it comin'
Two girls, in the living room tongin'
Three girls, who knows
I've been at it ever since you've been gone

Girl I'm sorry I told you lies
Can't rewrite that shit
I got too much pride to apologize
So fuck that bitch, we started

Started from the bottom, now we here
Started from the bottom, how the fuck you gone disappear
Started from the bottom, now we here
Started from the bottom, it should be so fucking clear [2x]

Girl you know you miss my lovin' babe
I got you twistin' over me

Yeah, I know we do something
I don't understand why you trynna put me through it
Got me here stressin', ain't even sleep all night
Should be makin' love, instead of trynna pick fights

All a nigga know it that I miss you
Tell me why you trippin', what's the issue
Nigga spendin' record label money in the strip club
But I can't give these other birds your love

Girl we started from the bottom, now we here (started)
Started from the bottom, how the fuck you gone disappear
Started from the bottom, now we here
Started from the bottom, it should be so fucking clear
Started from the bottom, now we here
Started from the bottom, how the fuck you gone disappear
Started from the bottom, now we here
Started from the bottom, it should be so fucking clear

No now secrets, thought I heard you say that
Your homegirl want the D, so where your real friends at
I ain't wanna be the one to say this
But you be out here frontin' on that fake shit [2x]

Girl we started from the bottom, now we here
Started from the bottom, how the fuck you gone disappear

Started from the bottom, now we here
Started from the bottom, it should be so fucking clear
Started from the bottom, now we here (ooh, you just gone leave me like this)
Started from the bottom, how the fuck you gone disappear (hopin' you'd fuck up, I'm gutted baby)
Started from the bottom, now we here
Started from the bottom, it should be so fucking clear (hahaha)
