Technicolor

Elijah Blake

Black dress Chanel
Cherry flavored lipstick
Kiss and tell
Me, I could put my name on it

Conversation led to touching
Now we're feeling a buzz
Trying to pretend that you wasn't
I can tell that you was
Because you spilled red velvet dear
All over your black dress Chanel

When I close my eyes
I see you in technicolor
Oooh oooh
Cause black and white
Don't do justice for you
Oooh oooh
Oooh oooh

Dancing lights burn purple, green, and gold
My camouflage was so 1984
Oooh oooh oooh
See you in technicolor
Oooh oooh oooh
See you in technicolor

Strobe lights on your skin
I swear it glows like gold

Yellow lady cab driver
Take us to the moon
In your worn out denim
You're really giving me the blues

Conversation led to touching
Now we're feeling a buzz
Trying to pretend that you wasn't
I can tell that you was
Because you spilled red velvet dear
All over your black dress Chanel

When I close my eyes
I see you in technicolor

Oooh oooh
Cause black and white
Don't do justice for you
Oooh oooh
Oooh oooh

Dancing lights burn purple, green, and gold
My camouflage was so 1984
Oooh oooh oooh
See you in technicolor
Oooh oooh oooh
See you in technicolor

Underneath the starlight
It feels right
If your body is next to mine
And I know there's gonna be sunshine
After this rainy night

(When I close my eyes)
Baby
(I see you in technicolor)
I wanna see you in technicolor
(Cause black and white)
Black and white
Black and white
(Don't do justice for you)
Oooh oooh noooh

Dancing lights burn purple green color
My camouflage was so 1984
Oooh
See you in technicolor

When I close my eyes
I see you in technicolor
Oooh oooh
Cause black and white
Don't do justice for you
Oooh oooh
Oooh oooh

Dancing lights burn purple, green, and gold
My camouflage was so 1984
Oooh oooh oooh
See you in technicolor
Oooh oooh oooh
See you in technicolor
