

# Zonin

Elijah Blake

One shot for my buildings  
Two shots for my walls  
Lately this don't get no loud  
If they be talking like oh  
Three puffs till I pass that shit  
Middle finger to my foes  
Good luck to my enemies  
Break up, that's just old

I be zonin, 3 in the morning  
Nigga I'm zonin, this liquor can't hold me  
My nigga I'm zonin, 3 in the morning  
I be zonin, 3 in the morning  
This liquor can't hold me  
You know that I be zonin

Don't go texting my phone  
Talking some shit while I'm doing some dumb shit  
You know what I be on  
When I'm that tricking straight freaking no tongue kiss  
I swear all these broads got motives  
I'll be damned if I let you take me off my focus  
Five supper still closing time  
We still getting loaded  
So much shit been on my mind  
But I can't even recall it  
Four things that I just don't like  
Is a fake motherfucker, a fake motherfucker, a fake motherfucker  
Did I say a fake motherfucker?

I be zonin, 3 in the morning  
Nigga I'm zonin, this liquor can't hold me  
My nigga I'm zonin, 3 in the morning  
I be zonin, 3 in the morning  
This liquor can't hold me  
You know that I be zonin

I get that booze get all night  
I have been listening, chasing straight glistening  
When somebody turned all these lights  
I'm on this shit that you want me  
Been wishing you jump like a mob on your life  
Step up my section, stop asking to send me some beats  
But you got me talking to me, ooh

She a bad dressed in white nights  
Like these whenever turned out  
She done popped so many pills  
That the room is spinning around  
Spinning around

I be zonin, 3 in the morning  
Nigga I'm zonin, this liquor can't hold me  
My nigga I'm zonin, 3 in the morning  
I be zonin, 3 in the morning  
This liquor can't hold me  
You know that I be zonin

I get that booze get all night  
I have been listening, chasing straight glistening  
When somebody turned all these lights  
I'm on this shit that you want me  
Been wishing you jump like a mob on your life  
Step up my section, stop asking to send me some beats  
But you got me talking to me, oho

Zonin away, zonin away, ooh  
Zonin away, zonin away, ooh
