

Ain't Easy

Elijah Woods x Jamie Fine

Baby, you're all I need
Baby, you're all I see
Missing the touch of your skin
I want it bad, I'm on my knees
Feeling you touching me
Baby, it's bittersweet
'Cause I want it bad but I never thought your touch would make me bleed

Hey!
All you do is talk
Whatcha say, say, say
Wanna walk away
Baby, way, way, way
Sick of all your games
Yeah you play, play, play
But baby loving you ain't easy
It's fire and then it's rain
It's fire and then it's rain
I said loving you ain't easy
Baby, you're what I crave
And I wouldn't wanna waste it

Late at night when I need more you
All damn night and I need more you
Take me away
Take me away

I said loving you ain't easy
But you're doing it just the same
You're doing it just the same
Woah-oh-oh-oh-oh-oh

Just need a little taste
Baby, it's all I taste
Loving the touch of your body, baby bring it over here
Loving it higher stays
Loving until we hate
Pushing until we break I hope your heart don't disappear

Loving you ain't easy
It's fire and then it's rain
It's fire and then it's rain
I said loving you ain't easy
Baby, you're what I crave
And I wouldn't wanna waste it

Late at night when I need more you
All damn night and I need more you
Take me away
Take me away

I said loving you ain't easy
But you're doing it just the same
You're doing it just the same
Woah-oh-oh-oh-oh-oh

All you do is talk

Whatcha say, say, say
Wanna walk away
Baby, way, way, way
Sick of all your games
Girl you play, play, play
But baby
All you do is talk
Whatcha say, say, say
Wanna walk away
Baby, way, way, way
Sick of all your games
Girl you play, play, play

Late at night when I need more you
All damn night and I need more you
Take me away
Take me away
Said loving you ain't easy
It's fire and then it's rain
It's fire and then it's rain
Late at night when I need more you
All damn night and I need more you
Take me away
Take me away
Loving you ain't easy
