

# FAMOUS

elijah

How does it feel to be famous?  
Yeah, you made it  
Now everybody knows just who you are

It's kinda funny how you're complaining  
You're the start of every conversation  
You just became an overnight sensation  
Stab me in the back now the whole town is sayin'

You're a bitch  
You're the worst  
Yeah, I should've seen it first  
Hope you got what you wanted  
Got what you deserve  
Don't come crying back to me  
'Cause I don't give a fuck anymore  
Whoah

How does it feel to be famous?  
Yeah, you made it  
Now everybody knows just who you are  
On top of the A list  
That's where your name is  
You got your own star on the boulevard  
You're viral now for what you did to me  
The truth comes out, so how does it feel to be  
Famous bet ya hate it  
'Cause everybody's watching you fall apart  
Now

I heard your clothes were on the floor of his bedroom  
Case closed baby now you're dead to me  
Star of the show ever since I left you  
You're for the streets yeah the whole town sayin'

You're a bitch  
You're the worst  
Always hit me where it hurts  
Hope you got what you wanted  
Got what you deserve  
Go ahead, break a leg  
'Cause I don't give a fuck anymore
