

# Hurt

elijah

I don't wanna make it out alive  
I need every memory of you to die  
Cause I cant go on like this  
Yeah I gotta  
Hate you so gotta be toxic  
If you're gonna break me get chaotic  
Cut the rope for a second chance  
I need to know this is the end

Make it hurt  
Baby don't hold back  
Do your worst  
So I can't relapse  
Cut me down I need the pain  
If I'll ever forget your name  
Make it hurt  
Baby don't hold back  
Do your worst  
Till my blood runs black  
Cover me in gasoline light a match and watch me burn  
Oh make it hurt

Scar me use words like razor blades  
Don't say you're ever gonna change  
Too late to lie and try again  
Yeah I gotta  
Hate you so gotta be toxic  
If you're gonna break me get chaotic  
Cut the rope for a second chance  
I need to know this is the end

Make it hurt  
Baby don't hold back  
Do your worst  
So I can't relapse  
Cut me down I need the pain  
If I'll ever forget your name  
Make it hurt  
Baby don't hold back  
Do your worst  
Till my blood runs black  
Cover me in gasoline light a match and watch me burn  
Oh make it hurt  
Make it hurt

Give it all to me  
Just make me bleed  
Until I believe  
There's nothing left but hate  
Do whatever it takes to  
Make it burn  
Put me in the dirt  
Just make it worse  
So I don't fall back in  
I don't fall back into you

Cut the rope for a second chance

I need to know this is the end  
Make it hurt  
Baby don't hold back  
Do your worst  
So I can't relapse  
Cut me down I need the pain  
If I'll ever forget your name  
Make it hurt  
Baby don't hold back  
Do your worst  
Till my blood runs black  
Cover me in gasoline light a match and watch me burn  
Oh make it hurt  
Make it hurt  
Make it hurt  
Make it hurt
