

I been going  
A thousand miles an hour lately  
I'm Mercedes  
I can take you from A2B  
If you can keep up with me  
I been going  
A thousand miles an hour lately  
I'm Mercedes  
I can take you from A2B  
If you can keep up with me  
I been going  
A thousand miles an hour lately  
I'm Mercedes  
I can take you from A2B  
If you can keep up with me  
Take you from A2B  
They call me Mercedes  
If you can keep up with me  
Take you from A2B  
On a new frequency  
If you can keep up with me

Imma bite your head off on a Monday  
And serve it to you on a Tuesday  
I'm a high speed chase on the freeway  
Then I'm taking off on the runway  
Oh I'll keep you on my rolodex  
Spinning round the room  
You should hold your breathe  
So you're not breathing in fumes  
I go fast as hell do you?

I been going  
A thousand miles an hour lately  
I'm Mercedes  
I can take you from A2B  
If you can keep up with me  
I been going  
A thousand miles an hour lately  
I'm Mercedes  
I can take you from A2B  
If you can keep up with me  
Take you from A2B  
They call me Mercedes  
If you can keep up with me  
Take you from A2B  
On a new frequency  
If you can keep up with me

If you can keep up with me
