

Body Language

ELIO

Sorry that it's your three in the morning
Sorry I don't talk much when you call me
Read at 12:05
In a hotel five hours behind
(Taking time to make time, thinking)
Don't wanna talk through satellite

I can't read your mind
Your body language is out of context
Misunderstanding in every word
I can't read your mind
Your body language is out of context
Misunderstanding in every word
Can't read your mind

I don't wanna waste time feeling lonely (Oh-oh, oh-oh)
So I don't wanna get news telephone-waiting
Call after five
Don't wanna talk through satellite
(Taking time to make time, thinking)
Don't wanna love the phone line

I can't read your mind
Your body language is out of context (What?)
Misunderstanding in every word
I can't read your mind
Your body language is out of context (Oh)
Misunderstanding (Misunderstanding) in every word
Can't read your mind

Somewhere you might be up while I'm going to bed
Yeah, cold nights, alone, how did we get here?
I can't help thinking what's unsaid

I can't read your mind
Your body language (Your body language) is out of context
Misunderstanding in every word (Misunderstanding in every word,
in every word)
I can't read your mind
Your body language (Your body language) is out of context
Misunderstanding (Misunderstanding) in every word
Can't read your mind
