

**sunday :)**

**ELIO**

I liked him out of my life  
'Cause he can't put down the phone, no  
But I'd always come when he calls  
You know I'll be there on Sunday

I wanna be the one to make this better  
No  
But I know I never leave home  
But you know I'll be there on Sunday

'Cause you've been tryna fight love and  
You've been seein' Shannon and  
Hope you know that I'm out with Reese  
'Cause you ain't takin' my love and  
Runnin' off with someone and  
Hope she knows that she looks like me

I liked him out of my life  
'Cause he can't put down the phone, no  
But I'd always come when he calls  
You know I'll be there on Sunday

I wanna be the one to make this better  
No  
But I know I never leave home  
But you know I'll be there on Sunday

Boy, I know you got somethin' you can ride on  
But I know you think about me on the drive home  
And I know you're not someone to rely on  
You better be there on, be there on Sunday
