

## TYPECAST

ELIO

No, I don't wanna write like that  
I checked the vibe and you didn't pass, so  
If you're gonna treat me like that  
Then go and put me in a typecast  
No, I don't wanna write like that  
I checked the vibe and you didn't pass, so  
If you're gonna treat me like that  
Then go and put me in a typecast

Bet you never thought I'd make it sound like this  
No, I'm not allowed but I guess I did  
I could take it back but, baby, fuck that shit, I quit  
Tryna live up to my typecast

No, I don't wanna write like that  
I checked the vibe and you didn't pass, so  
If you're gonna treat me like that  
Then go and put me in a typecast

Can I change my manifesto or no?  
Why can't I play the lead in my own show?  
I could win the Oscar like Leo  
I'll be your villain and your hero

Know you wanna hear me out your speakers, so  
I be dropping songs by the kilo  
Got so much in store, like a depot  
I'll be your pop song dealer

No, I don't wanna write like that  
I checked the vibe and you didn't pass, so  
If you're gonna treat me like that  
Then go and put me in a typecast
