

Vitamins

ELIO

(Shut up for a second, you're-)

You're like my vital
Morning and night pill
You're like a pick me up when I feel tired
Shoulder to cry on

On my way to a refill
Don't need no Advil
Need you for my mood, we're kind of an item
You're like my idol

You got me head over heels
I kinda like how that feels
Part of my daily routine
We got that good chemistry

You're like my Vitamin
Ahhh, if it's not you
Don't wanna love again
And when you're gone I die a little
Spiraling
I want you the way I take my
Vitamins
Every day or I die a little

Hold up for a minute!

Keep you in my pocket
Photo in my wallet
So sweet and so wanted I had to lock it
Nobody could top it

You got me head over heels
I kinda like how that feels
Part of my daily routine
We got that good chemistry

You're like my Vitamin
Ahhh, if it's not you
Don't wanna love again
And when you're gone I die a little
Spiraling
I want you the way I take my
Vitamins
Every day or I die a little

I need you
For my mood yeah
You're like my vitamin
You make me
Feel brand new
Yeah you're like my vitamin
Jump in like Corbin
I'll never skip a day again
My vitamin

You're like my Vitamin
Ahhh, if it's not you
Don't wanna love again
And when you're gone I die a little
Spiraling
I want you the way I take my
Vitamins
Every day or I die a little

Hold up for a minute
Gotta take my, gotta take my vitamin
Shut up for a second
Gotta take my, gotta take my vitamin
Vitamin B-O-Y
Vitamin B-O-Y
Gotta take, gotta take my vitamin
