Now you know
The stuff that I didn't want to know
Whom how stay in my heart scaring him

Loved you so much I started to hate you
Because I don't know what you did
Not just me eyes or my soul is calling you It's everything all
the hearts heard me but You didn't hear me

Now you know what's wrong with me Now you know how long I'm liv
ing with your love alone

Loved you so much I started to hate you
Because I don't know what you did
Not just me eyes or my soul is calling you It's everything all
the hearts heard me but You didn't hear me
