

End Game

Elitist

The lights went out
As I adjusted to the ground
Disturbed will always be my sense
It's what I need
It's the safest place for me

You said these words like it was all in my head
Screaming out, the rising sound
Hopeless, we know this

In the end everything dies
We're all just spinning our webs, biding our time
We're all just waiting in line (take a number)

The things we've come to love so much
Become the things that we disgust
We make the same mistakes over and over again

We don't care anymore
(We don't care, we don't care anymore)
We don't care anymore

Home is where the heart is
Unless you have no heart
Then it's just somewhere you search for and never get close

Home is where the heart is
Unless you have no heart
Then it's just somewhere you search for and never get close

We don't care anymore
We don't care anymore

You said these words like it was all in my head
Screaming out, the rising sound
Hopeless, we know this

We always said it could be better than this
I see it now, so tragic how
It's hopeless, hopeless
